

**CV Matthias Hagemann [1967, Berlin]**

Matthias Hagemann is working as alternative photographer and artist since 1996. He displayed his works in Germany, France, Spain, Poland, US, China and Australia, is founding member of ep.contemporary gallery Berlin, Germany. He experiments with photographic processes of all kind, from classical black and white processes up to chlorophyll prints and anthotypes. He built a wide range of pinhole cameras from small size Coke Cans, shoe-box-sized tins, fridges and Camerickshaw tricycle up to complete rooms. Beside of pinhole photography, he creates experimental works with simple lens cameras from mid 20<sup>th</sup> century and any kind of optical tools.
